THAT DRIVE-IN THEATER hassle that has been going on for several months has many ramifications.

Some of them are a wee bit sticky.

We refer to the proposed drive-in theater that is planned for 14-plus acres on the Andrew Scorsur property, just off Union Ave. and adjacent to McGlincey Lane and the freeway.

The location is in county territory. Campbell city limits are on both the north and south sides. The freeway is on the west with Union Ave. on the east.

-0-

THE SCORSUR PARCEL is under county jurisdiction but is officially recognized as being in Campbell's sphere for zoning and planning purposes.

The City of Campbell has adopted a master plan for the general area (McGlincey Neighborhood) which specifies the area will be light manufacturing adjacent to multiples and then single-family residential.

Under Campbell's zoning a drive-in theater would be prohibited.

But a drive-in theater under the county's zoning is allowed with a use permit.

And there is the rub.

-0-

THE COUNTY PLANNING COMMISSION by a 4-2 vote has approved the issuance of a use permit which would allow the drive-in theater on the 14-acre parcel.

The approval came despite Campbell's plea that it would necessitate an entire new planning concept for the area. The county commission, on many occasions in the past, has recognized the spheres that have been established for cities.

But, in this instance, four of the commissioners ignored Campbell's position and approved the permit.

-0-

The four commissioners also overlooked the point that the traffic to and from the drive-in theater would use Campbell streets. Apparently they figured that was Campbell's worry. They couldn't be bothered.

They weren't even concerned over the legal technicality of whether a parcel of land that might possibly be used by the mobile-show operation was within the Campbell city limits.

They seemed to be even less concerned over the feelings of home-owners in the area adjacent to the proposed drive-in, who vigorously and patiently opposed the issuance of the use permit at the prolonged hearings.

City seeks $4½-million in projects in five years

An ambitious five-year capital outlay program for the City of Campbell totaling $4 1/2 million, of which $3 million would be financed by a bond issue, was unveiled at the Planning Commission meeting Monday night.

Present at the 'unveiling' of the comprehensive five-year program, marking months of work on the part of city personnel, were members of the City Council and Parks and Recreation Commis-

This marks the first time in the history of the city that an attempt has been made to project a captial outlay program over a five-year period.

The 20-page report, complete with graphs and statistics, not only defined the projects contemplated but included estimates of population growth and increases in assessed valuation. It also reported anticipated income during the five-year period from property and sales tax, state subventions and other sources.

STAFF WORK

In presenting the report, City Manager Bob Stephens commended Geoffrey Whitaker, accounting budget officer; Dick Hogan, planning director; Bill Wren public works director and George R. Maxwell fire chief, for their assistance.

All of them took part in the discussion of the report at the meeting.

In the five-year projection, total estimated cost for the public facilities needed for the city was estimated at $2,490,000; fire protection at $706,000; storm drain projects, $200,000 and street

San Tomas Road plans get spotlight Monday

Discussion of the various alternatives for the realignment of San Tomas Road at an informal hearing will highlight the City Council meeting next Monday night.

Residents in the San Tomas area, who some months ago petitioned the City Council to improve the present road rather than follow the so-called "straight-line" route, are expected to attend the meeting in force.

Bill Wren, public works director, and Dick Hogan, planning director, will report on the various problems that must be met from both planning and engineering aspects. Both city departments have been researching the issue from all angles during the past few months.

It is expected also that a cost comparison will be made of the two routes and how the realignment will affect the area. (The Campbell Press describes the problems in detail in an editorial in this issue.)

Another item on the council's agenda Monday will involve the proposed new city ordinance that would put the public utilities underground in new developments within the city limits.

Discussion on the ordinance was deferred at the last meeting to allow the utilities and others interested to study the question.

The council is also expected to discuss and possibly establish some policy for the placement of candidates' signs within the city limits, now that the political campaign is going full blast.

A report on the progress of Budd Ave. improvement program including the installation of signals at Winchester-Budd, will be made by Wren.

City dedicates tree to Judge John Blaine

Members of the family of the late Judge John D. Blaine, who died last October at the age of 91, gathered with city officials Monday morning at Campbell Park to honor his memory.

A 20-foot high Douglas Fir was dedicated as a living memorial to Judge Blaine, justice of peace for 24 years and long active in civic affairs.

At the dedication ceremony; special recognition was also paid the memory of Ray Holt, who originally planted the tree at 74 Dillon Ave. His mother, Mrs. Pearl Reed, now of Modesto, donated the tree.

The cost (about $300) of transplanting the tree and the casting of the plaque was contributed by Mrs. Laura Romer, a daughter of Judge Blaine.

IN JUDGE BLAINE'S MEMORY--Members of the late Judge John D. Blaine's family, flanked by former Mayor Charles Rose (left) and Mayor Ralph Doetsch (right), pose in the shade of the 20-foot Douglas Fir at Campbell Park, where the tree was dedicated in memory of Judge Blaine. Fire department presents display

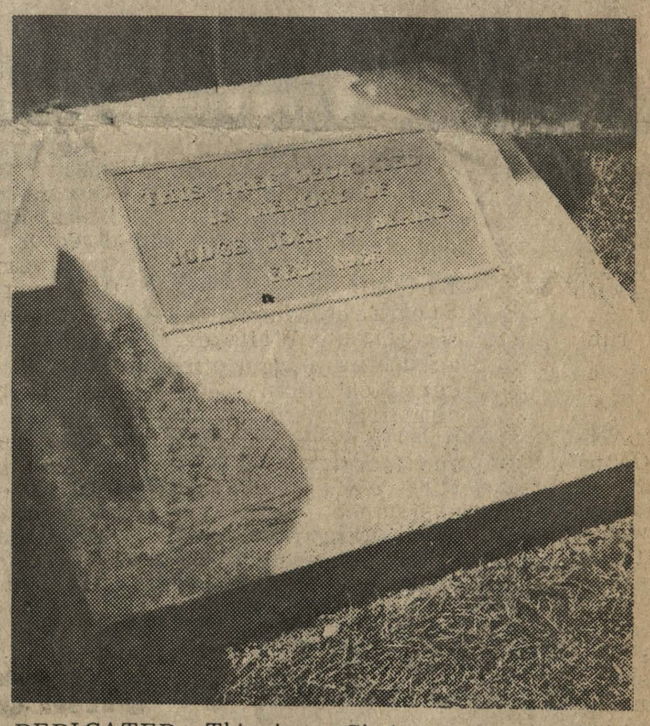
Campbell Fire Department will observe Fire Service Days, May 7 and 8 at the headquarters fire station, 51 N. Central Ave. where exhibits will be on display at 11 a.m. and 4 p.m.

One of the main attractions will be a demonstration for mouth-to-mouth resuscitation and close chest cardiac massage.

There will be favors for the children and fire prevention hints for parents will be offered.



DEDICATED--This is the plaque that has been placed at the "Blaine Tree" in Campbell Park. During the Christmas season it is planned to light the tree, filling a long-felt need for the community.

St. Lucy's Church plans unique 'vocation fair'

ANSWERING QUESTIONS--At right Father Milan I. Hlebs, assistant at St. Lucy's, explains the fair to Caryl Jenner. Below, Sister Helen talks to a group. Identified are Beth Thibault, Caryl Jenner, Ranee Trideaux.

Event to take place Saturday

More than 27 religious communities of the Catholic Church are scheduled to take part in the first religious vocation fair in Santa Clara County this Saturday, May 7, at St. Lucy's Church in Campbell.

The unique event will be held outdoors on the grounds of St. Lucy's at 2350 Winchester Blvd., and will run from 9 a.m. to 1:30 p.m. Archbishop Joseph T. McGucken, of the San Francisco Archdiocese, will give the benediction at the close of the fair and administer the Papal blessing.

The purpose of the fair is to demonstrate careers available in the religious life. Priests, brothers and sisters of the Bay Area will staff the booths, answer questions, offer advice and show exhibits about their seminaries and convents.

Films depicting the life of vocation candidates from entry to profession of vows will be shown by the Serra Club continuously during the fair.

Interim entertainment will be offered by

City planners issue first dance permit

With dispatch the Planning Commission made history Monday night by approving the first application for a use permit to allow dancing in a cocktail lounge in a C-1-S zone.

But the commission's agenda bogged down during a routine approval of plans for a four-unit apartment at 30 LaVonne Drive submitted by G.H. Combs

Although the commission's sub-committee (Kel Young and Jim Tomlinson) had recommended approval of the plans and the commission followed suit, more than one hour was taken up by the applicant's plea that he "could not live with the conditions" that specified the total land coverage allowed on the 20,000 square foot lot by buildings.

But in their history-making action on approving the first dance permit under the new ordinance there was no delay. Previously dancing was not allowed in C-1-S zones.

The applicant, Montecito Financial Corporation, represented by Jack Dawson, local attorney, owners of "The Den" at 1545 W. Campbell Ave., won unanimous approval: although it was accompanied by several good-natured jibes on what type of dancing would be offered, "go-go" or old-time.

Dawson was non-commital on the subject.

The commission also granted an extension of time to July 1, 1967 on the non-conforming use of a residence for West Valley College offices at 80 W. Rincon Ave. The property is owned by Mrs. Connie Regas and under the original use permit the house was to be demolished after one year use by the college. The year will end on June 1, 1966.

The commission was primarily concerned with whether the college would desire the build-

Which way to go?

On Monday, May 9, an informal public hearing will be held before the City Council pertaining to the realignment of San Tomas Road.

This is a vital question affecting the future development of the entire San Tomas area. We urge residents who are interested to attend the council meeting to gain first hand knowledge of the problems and difficulties involved.

Both the Public Works and the Planning Department of the city have conducted studies on the realignment issue and the basic objective of the informal hearing will be the reports of these two departments.

To over-simplify the question, there are two basic points of view involved. One view, that apparently many of the citizens of the San Tomas subscribe to, would improve the present more or less zig-zag route from Rincon Ave. south to Pollard.

The other viewpoint which was presented a number of years ago would straighten out the road by following a "straight line" route to Pollard.

This route would take off at Rincon, hook up to Harriet, extend that street to Abbott and then end at Pollard.

Although this route apparently has had many supporters in the past (in some instances houses have been set back to allow for the eventual widening), citizens in the area have some strong objections to it.

If Abbott, for example, is made a part of this routing (to hook onto the extension of Harriet), it means that this busy thoroughfare would run very close to the San Tomas School.

There are a lot of problems involved in the improving of the present route. Some months ago a petition bearing 823 names of San Tomas residents was presented to the City Council requesting that the "present, familiar and traditional location of San Tomas Road, a portion of one of the oldest roads in the county" be retained.

There is no question that traffic on the road has been increasing in the past few years. And there is no question that in its present state it is inadequate to carry the load.

One of the toughest questions that must be answered is whether the future San Tomas Road shall be 90 or 60 feet in width. The petitioners have asked that the present road be widened. But they didn't specify to what width.

This is a toughie that the city must decide.

If the present route is widened to 90-feet, it would be an extremely costly venture. It would mean that many houses now on the road would have to be moved back.

On the other hand, a 60-foot street would be a vast improvement over the present street which in many spots now has less than 20-feet of pavement.

A 90-foot street generally means that it is a major thoroughfare (such as Pollard and Campbell Ave.) without any on-street parking.

The city, therefore, must determine just how "major" the San Tomas Road should become.

No matter what route is determined for that portion of the road from San Tomas Creek to Pollard, there is still another factor involved that concerns that section between the creek and Rincon Ave.

Most of this area is taken up by a 30-acre orchard operated by Pete Cefalu. The ranch is in county territory at the present but because of the infamous "Cherry Lane Annexation" of San Jose some years ago, it will go into San Jose and not Campbell if its jurisdictional status is changed.

The orchard is involved in the ultimate development of either the "straight line" or the present route.

If the present route is decided upon as the way to go, to make for better traffic flow, a wide sweep of the road is needed through the orchard to hook onto the present San Tomas Road at the creek near Hazelwood. This would eliminate the jigs and jogs that must be traveled now.

But this "sweep" does not have to come until the orchard is developed in some other way. When that happens, the county, San Jose and the future subdivider would be involved.

City officials are expected to have some basic tentative cost estimates on both routes for next Monday's informal hearing, which could have a very definite bearing on the final decision.

All in all, if nothing else, the hearing should be extremely informative, especially to those 823 petitioners.

involved, incidentally, reside within the city limits of San Jose. They live in what city and county officials term the "steamshovel" area.

Before the advent of the Local Advisory Commission that now controls annexations, San Jose annexed a strip of land from Bascom, across Union and almost to the freeway.

On the map it looks like a steam-shovel. Hence the name. This section is just south of the proposed drive-in theater and all who live in it will be affected by it.

Unfortunately, for those who reside in the "steam-shovel", not only was the County Planning Commission unconcerned over their desires but so was their own city, San Jose.

-0-

CAMPBELL city officials with Charlie Rose, former mayor, and Dick Hogan, planning director, as spokesmen, appealed to the San Jose City Council to support Campbell's stand against the drive-in.

After all, more than 200 residents of the City of San Jose were affected by it and had voiced their objections through their spokesman, Donald Lynch, of 2575 Oak Park Lane, at the hearings conducted by the County Planning Commission.

-0-

THE HOME-OWNERS also personally appealed to the San Jose City Council for support.

But the San Jose City Council by a 4-3 vote decided to take no stand on the matter. One of the councilmen maintained that it was not any of their business, a somewhat shaky stand in view of 200 irate citizens of San Jose who were concerned.

Three members of the San Jose Council, Mrs. Virginia Shaffer-Mayor Joseph Pace and Robert Welsh, however, maintained that San Jose should support Campbell.

But they were outvoted.

-0-

CAMPBELL has appealed the County Planning Commission ruling to the Board of Supervisors. The appeal is scheduled to be heard on May 10.

It will be interesting to see how the supervisors' react, because the question is involved It also has become slightly muddied.

Seeking the drive-in theater is the Syufy Enterprises, the same outfit that operated the Winchester Drive-in off Camden, near the freeway, until it was displaced by the route of the San Tomas Expressway.

-0-

THE SAN TOMAS Expressway, of course, is a county project, financed by bonds voted by the citizens of the county.

In effect this means that the county had to purchase the necessary land for the expressway right-of-way from the Syufy Enterprises, the same company that is now asking for a use permit for a theater in county territory.

And there are other ramifications, as we mentioned a long time ago when we started this column.

But these other ramifications sort of spoil the big picture.

It could be that the screen is a trifle dirty.

-0-

STRONG OPPOSITION, by the way, to the proposed drive-in theater has come quite naturally from Fred Sahadi, owner of plush apartments on Union Ave. that will be adjacent to the automovie.

So far the only thing we have enjoyed about the whole drive-in ball of wax has been mouthing out loud the names of the chief adversaries in the fracas.

You try it sometime: SAHADI vs. SYUFY.

City proposes 5-year project

(Continued from page 1)

projects, $1,139,000, totaling $4,535,000.

Under the proposed financing, all but $72,000 of the street projects would be underwritten by gas tax income from the state. The storm drains and $140,000 earmarked for the corporation yard would also come from either the general fund or from present bond reserves. A bond issue of approximately $3 million would finance the remainder.

CIVIC CENTER

The capital outlay program envisions $400,000 for civic center land acquisition and another $750,000 for the construction of a civic center and police headquarters.

Land acquisition for parks, beautification and park development is listed at $1 million and library and other related facilties, $200,000.

FIRE PROTECTION

Under the fire protection category, $706,000 has been earmarked which would include land, construction and equipment for station #3, $134,000 and for station #2, $221,000. Improvement and expansion (or possibly moving to a new location) of headquarters station would be $261,000. A fire alarm system, long advocated by fire officials would cost $90,000.

Although almost all the money for street projects would come from tax funds, the city engineer's office, in the report, listed all the major streets that would be improved under the five-year program.

An outstanding feature of the report specified the priority of the various capital outlay projects. Only a few of them could be undertaken before a bond issue was approved which would be presented to the voters by 1968 at the very latest, the city manager reported.

Assuming the passage of the bonds, the greatest strides would be made in the program in 1968-70. The report contemplates $1,135,000 to be spent in 1968-69 and $1,644,000 in 1960-70.

The city staff estimated that during the five-year period the assessed valuation of the city would climb from the present $38,690,400 level to $46,669,410. It was pointed out that a city is allowed to come within 15% of its assessed valuation for general obligation bonds and that the contemplated $3 million bond issue with the present bonds that were voted in 1958-59 would only be 10% of the total assessed valuation.

The report also indicated that the population was expected to go from the 21,650 level at present to 27,500 in 1971-72.

Comments by members of the two commissions and the council seemed to indicate that they felt staff members had been conservative in their estimates.

Till-tap at local market

Church plans 'Vocation Fair'

Singing Nuns, seminarians, Irish Dancers, the 25-piece kindergarten band from St. Elizabeth's Day Nursery and assorted musical and vocal groups from seminaries and convents.

The vocation fair is sponsored by the lay vocation committee of St. Lucy's headed by John Schmedes assisted by the Rev. William Duggan, assistant pastor of the parish.

The Rev. John M. Lally, pastor of St. Lucy's, has invited Catholics of all parishes from Palo Alto to Gilroy to attend. Father Lally also said that members of other demoninations are welcome and encouraged to attend.

There is no admission to the fair or to the movies that will be shown. Door prizes will also be awarded.

In explaining the purpose of the fair, Father Lally points out that the Catholic Church is deeply concerned over the shortage of vocations to the religious life. He explains that this is one of the programs underway to stimulate interest in religious vocations to counteract to a great extent the misconceptions about the lives of priests, brothers and sisters.

It is estimated, the pastor said, that 75% of religious vocations are thwarted by parental objection. Uninformed adults tend to be alarmed at the mention of the child's entry into a novitiate.

"The notion that it takes a 'mental giant' or 'long-faced pious mystic' to qualify for the religious life will be disproved by those who attend the fair," Father Lally promised.

In another major action, the commission approved the moving of a house now located at 2245 Bascom to 1303 Freda Court just off Hacienda.

Animals got into the act during the commission's lengthy meeting.

The commissioners okayed a use permit and sign for Dr. Charles Smith, DVM, for an animal hospital at 186 E. Sunnyoaks. The hospital has been operating for a month but the veterinarian did not know that a use permit was necessary.

The commission also recommended adoption by a 5-2 vote of a zoning amendment that would allow pet clinics in C-1-S zones. Commissioners Frank Klein and Tom Perry cast negative votes. Favoring the amendment were Hal Lee, Kel Young, Jack Healey, Jim Tomlinson and Thayer Lyons.

Approval was also given Howard Atkinson for a variance on parking spaces allowed for a proposed 15-unit apartment complex to be located at 240 Rose Court. Approval of plans was deferred until the next meeting.

The commission granted John Anastasia permission to revise the exterior on the proposed gym at 2931 Winchester Blvd. and recommended approval of an ordinance that would require an attendant on duty at coin-operated car wash operations.

BLACKFORD BEAT

BY DIANE GIPSON CAROL COOK

With summer coming up soon the students at Blackford are now able to sign up for Summer School; but another program, separate from Summer School, is also available to them this year.

The Junior Engineers' and Scientists' Summer Institute. (JESSI) and Communications Arts and Science Summer Institute (CASSI) are both sponsored by Oregon State University. In CASSI students will study the theories, science, art and communication. In JESSI the students will study sciences and engineering.

Five Blackford students, who because of their S. A. T. scores, have won the Northern California Scholarships. They are: Bob Campbell, Elyse Eng, Art Lyons, Mark Wohl and Helene Zimnicki.

The money they receive is to contribute to the tuition at the college of their choice.

Other scholarship awards have recently been announced, and all of the first place winners were in the Campbell Union High School District.

One of them was a Blackford student, Bob Campbell, who won first place in the fine arts division of the Bank of America Scholarship. Another Blackford student, Sharon Wilson, received a third place in vocational arts.

Thursday, April 29, Blackford's baseball team met Los Gatos. Blackford was defeated by a score of 7-2.

In swimming competition on Friday, April 20, the "A" team was beaten by Westmont 84-47. The "B" team won 70-61, the "C" team won 62-51 and the "D" team won 45-41.

Legion Post 158 to send youths to Boys State

Charles W. Craw, Boys' State Chairman of West Valley Post 158 of the American Legion announces the Post will send two boys to Sacramento this June to attend the 1966 Boys' State Conclave.

He is a member of California Scholastic Federation and works on the school newspaper. He is an above average student and recently took the National Merit Scholarship Test.

The other boy is Brick McIntosh, son of Mr. and Mrs. E. A. McIntosh of 19348 Portos Court, Saratoga. He is a senior at Saratoga High School. Brick plays baseball, basketball and football, and is a member of the Key Club, a Kiwanis sponsored service club. He is a good student and will attend summer school.

The Post has donated an American Flag to a Boy Scout Troop at Loma Prieta. Those attending the affair from Post 158 were Commander Rex A. Kaber, Adjutant H. L. Spencer and Charles W. Craw.

On Friday evening, May 27, the Ladies Auxiliary will sponsor a Chicken and Fish dinner at the Legion Hall. Proceeds will go to the "Poppies" campaign. Anyone wishing a reservation is invited to call Mrs. Rex Kaber at 378-4084.

BUC BANTER

BY MARY KNOWLES ALLEN

This coming Friday will bring Rally Day, an afternoon devoted to finding out which class really "rules" as far as spirit and strength are concerned.

After having elected a prince and princess, each class is responsible for decorating, in class colors, a throne for their rulers.

The class colors are green, yellow, red and blue for freshmen, sophomores, juniors and seniors respectively.

Each class participates in various events and from these earn points which are added at the end of the rally to denote the winning class.

Last year, for the first time in the history of Campbell, the Junior Class won Rally Day. Will the trend continue or will the seniors be the first class to win Rally Day two years in a row?

Also on Friday will be the Folk and Jazz Festival featuring much local talent. Admission is $1 for all and refreshments will be served.

Marcia Weber and Al Shimizu have been chosen to represent Campbell this summer at Girl's and Boy's State respectively. State, as it is popularly called, is sponsored by the American Legion.

At State, the delegates carry out a mock government system for one week. The students live in "cities" where they elect city, county and state officials and belong to different political parties.

Friday, April 29, was the annual Spring Concert which featured the orchestra, choir and band, who performed pieces by Haydn, Mendelssohn and Vaughn Williams.

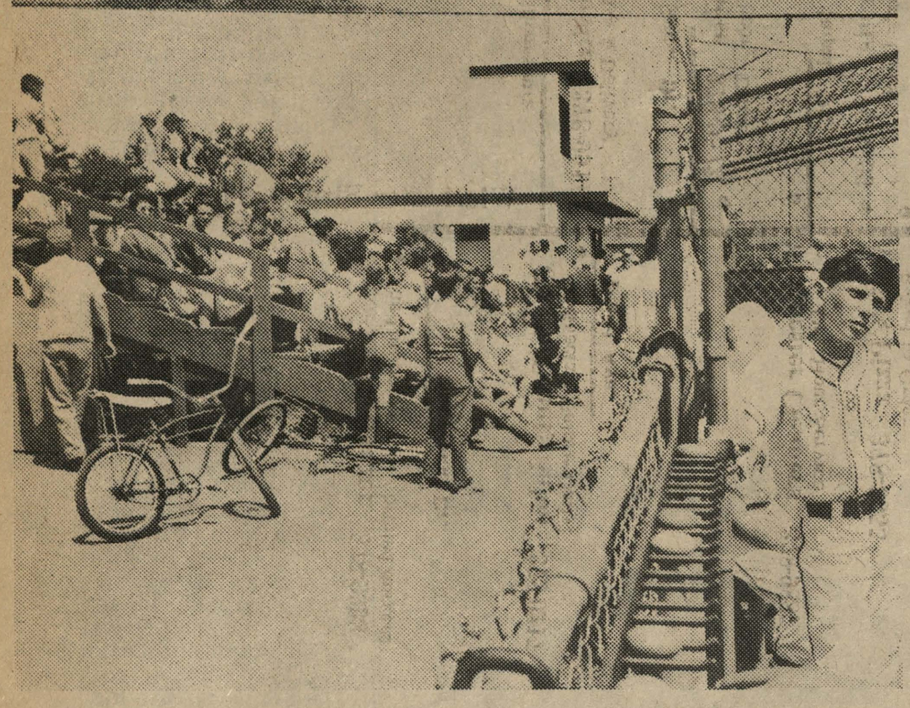
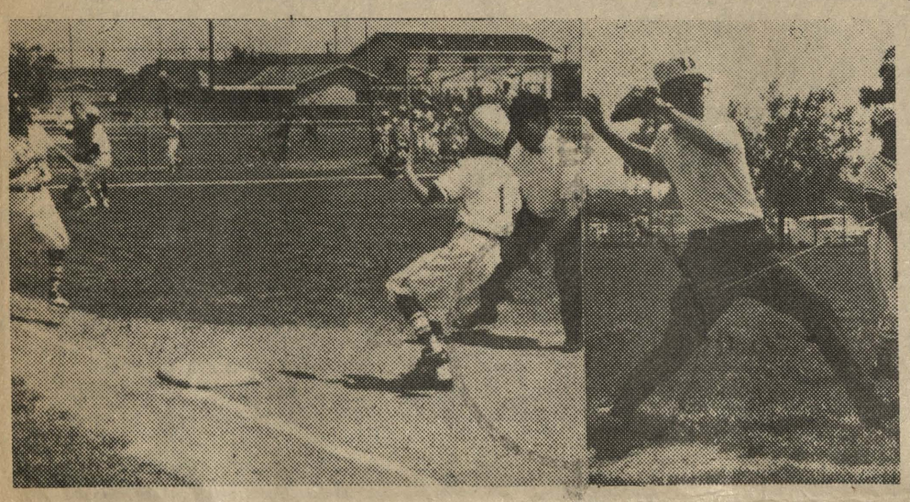
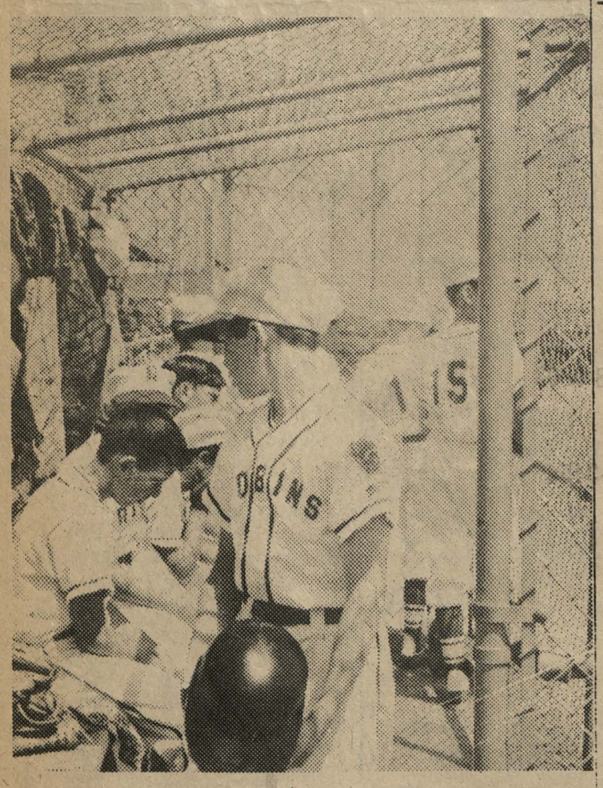
Little League opens season







BUSY DAY--Campbell Little League opened the 1966 season under a warm spring sun last Saturday afternoon and there was a lot of activity at the little league diamonds at Rosemary School grounds.

Mayor Ralph Doetsch officially opened the season with the PeeWees, Minors and Majors all playing their first game. In the PeeWees, Willow Glen Optimist met Campbell Beauty College #1; in the Minors, Peps Sooper faced A B Roofing and in the Majors, Campbell Plaza tangled with Robins in the opening games. (Campbell Plaza won 4-3.)

Some of the action of the day is depicted in the camera shots. That's not a little leaguer warming up above but BILL McLAIN, chairman of the city's Parks and Recreation Commission and long-time coach, manager, officer and supporter of Campbell's Little League program.

Saturday is opening day for Moreland

Saturday, May 7, is "opening day" for Moreland Little League at Payne School on Phoenix Drive. Festivities will begin at 9 a.m. with guests Archie Moore, World's light-heavy weight boxing champion, Rocky Bridges and Red Marian of the San Jose Bees. Other local community leaders are also expected to be present.

Fred Burr is president of the Moreland Little League which won the World Championship in 1962. There are 26 teams in the league, consisting of eight majors, eight minors, six "C" teams and four "T" teams. Each team has a coach and a manager.

There will be four games played by the majors Saturday, and three by the minors. The "C" teams and "T" teams will also play. The public is invited to attend the opening day ceremonies.

Little League breakfast this Sunday provides needed funds

Campbell Little League is staging a "Mother's Day" breakfast on Sunday, May 8, in the cafeteria of Campbell High School. Breakfast will be served between the hours of 8 a.m. and 1 p.m.

The whole family is invited and fathers and children are urged to give Mother a day off from cooking. At the same time they will be helping the Campbell Little League defray the costs of expenses.

Admission is $1.00 for adults and $.50 for children under 12. Little League Fathers will do the cooking. Pancakes, eggs and juice are on the menu, and tickets may be obtained at the door or from any member of Campbell Little League.

ANCHORS AWEIGH

The march "Anchors Aweigh" was composed in 1906 and dedicated to the Naval Academy class of 1907.

Dick Morton addresses Woman's Club

Richard W. Morton, San Jose Attorney, and former mayor of campbell, was the guest speaker at Monday's meeting of the Country Woman's Club of Campbell. His subject was "Wills". He discussed bizarre and unusual wills - the shortest one (three words), and the longest one (95,000 words). He advised wives to know more about the family assets and to urge their husbands to make a will.

Mrs. W. R. Morgan reported on the successful district convention held in Los Gatos last week. Mesdames Eola Howe, Anthony Jurras, A. A. Fritsch and W. R. Morgan were chosen as delegates to attend the State convention of the California Federation of Woman's Clubs to be held next week in San Francisco's Palace Hotel.

The Woman's Club presented a musicale at the clubhouse last Sunday afternoon featuring six local high school students. The names of the winners of musical scholarships donated by the Woman's Club will be announced at graduation time.

Mrs. Homer Hyde was chairman of Monday's meeting, assisted by Mesdames J. A. Tomlinson, C. E. Hancock, H. M. Shadle, Don Hebard and James Malone. The next meeting on May 16 will be the annual fashion show presented by the sewing club. Cards will be enjoyed and all members are reminded to be present.

Our Town

By Grace Hebard

DR. AND MRS. WYLAND R. MORGAN are home from a fascinating two months tour of the Orient. The local dentist and his wife boarded the Cruiser S. S. Canberra, largest passenger ship afloat in the Pacific.

The cruiser made its Maiden Voyage to Yokahama, Nagasak and Hong Kong, which meant they were met at the harbor with bands playing, firecrackers and flowers. It was all most exciting! Other highlights of their trip was a visit to Tokyo where they rode the "Golden Bullet", the fastest train in the world and visited the home of Madame Butterfly.

They also toured Sydney, Australia in a Rolls Royce and visited the South Pacific Islands which figured so prominently in World War II. Mrs. Morgan was home in time to take part in the District Convention of the California Federation of Woman's Clubs in Los Gatos last week...

THIS AND THAT... JIM CULLEY, son of Mr. and Mrs. J. Kenneth Culley of 160 Victor Ave., who attends Oklahoma Baptist University in Shawnee, has been elected publicity chairman of the College Players for 1966-67...

NOTICE IS HEREBY GIVEN that on the 11th day of April, 1966, the City Council of the City of Campbell, California, adopted its Resolution of Intention No. 2013 wherein it did declare that in its opinion the public interest and convenience required, and that it was the intention of said Council to order the acquisitions and improvements generally described in the petition therefor on file in the office of the City Clerk and more particularly hereinafter described.

The acquisitions and improvements are described as follows:

(b) The acquisition of disposal rights and a right of service and use in the existing sanitary sewerage and sewage disposal facilities of County Sanitation District No. 4 of Santa Clara County.

(c) The acquisition of all lands and easements and the performing of all work auxiliary to any of the above necessary to complete the same.

Said contemplated acquisitions and improvements, in the opinion of said Council, are of more than local or ordinary public benefit, and the costs and expenses thereof are made chargeable upon an assessment district, the exterior boundaries of which district are the composite and consolidated area as more particularly shown on a map thereof on file in the office of the City Clerk, to which reference is hereby made for further particulars. Said map indicates by a boundary line the extent of the territory included in the proposed district and shall govern for all details as to the extent of the assessment district.

The estimated cost of said project is $187,800, of which the City will contribute the estimated amount of $1,900, leaving an estimated balance of $185,900 to be assessed.

Notice is hereby given that the City Council of said City proposes to enter into an agreement with the Campbell Water Company which agreement will provide, among other things, for the supplying by said Water Company of plans and specifications for the proposed water system, for the performance of the work by said Water Company of installing said water system, for the ownership upon the completion of said water system by said utility, and for the providing of service to the properties in said area by said utility in accordance with the rates, rules and regulations now or hereafter established by the Public Utilities Commission of the State of California, and that said agreement shall become effective after proceedings have been taken for the levy of the assessments and sale of bonds and funds are available to carry out its terms.

Notice is hereby given that serial bonds to represent unpaid assessments and bear interest at the rate of not to exceed six per cent (6%) per annum, will be issued hereunder in the manner provided in the Improvement Bond Act of 1915 (Division 10 of the Streets and Highways Code), the last installment of which bonds shall mature not to exceed fourteen (14) years from the second day of July next succeeding ten months from their date.

The descriptions of the acquisitions and improvements and the termini of the work contained in the Resolution of Intention are general in nature. All items of work do not necessarily extend for the full length of the description thereof. The plans and profiles of the work, and maps and descriptions, as contained in the Engineer's report, shall be controlling as to the correct and detailed description thereof.

Except as herein otherwise provided for the issuance of bonds, said work shall be done pursuant to the Municipal Improvement Act of 1913.

Reference is hereby made to proceedings had pursuant to Division 4 of the Streets and Highways Code, all on file in the office of the City Clerk.

Notice is further given that the Engineer of Work pursuant to said Act and said Resolution of Intention, adopted pursuant thereto, did on the 11th day of April, 1966, file with the City Clerk of said City his report in writing on said acquisitions and improvements, consisting of plans, profiles, specifications, estimate of costs and incidental expenses, diagram and assessment, maps and descriptions, and said Council did on said date consider and examine said report and by resolution preliminarily approved and confirmed same and ordered that said report shall stand as the report for the purposes of all subsequent proceedings had pursuant to said Resolution of Intention.

Campus delay results in sky-rocketing costs

Each month's delay in construction of a permanent West Valley College campus is costing the District $60,000, Dr. Wallace W. Hall, superintendent-president, told the college Board of Trustees at its regular meeting Thursday night.

The matter came up during discussion of purchase of the final 14 acres needed for the Saratoga site, completing the 143 acres needed with the acceptance of the property of Mr. and Mrs. A. Giurlani for $250,000.

Total purchase price of the 143 acres, Dr. Hall said, is $1,940,000, as compared to the $1,600,000 land cost estimate for the 1965 bond issue.

The increased cost can be accounted for by inflationary trends and for increased costs as the land purchase program proceeded in the same are.

Of particular concern to Dr. Hall, however, was the architect's estimate that construction costs are increasing rapidly, and that by the time construction for the first campus is started, costs will be considerably higher than present estimates.

OTHER ACTIONS

The Board, in other actions, also:

1). Approved Dr. Hall's plan for creation of an administrative internship program with the position of Assistant to the President. All eligible faculty members will be able to apply for the position for one year, with the possibility of one-year renewal.

It will give classroom instructors the opportunity to gain administrative experience, so that as administrative positions open up with the future growth of the District, they can be considered for them.

It will also fill needs not now being undertaken in the district, such as: 1). Institutional Research. 2). Handling inquires.

3). Working on applications for Federal and State funds, and foundation grants. 4). Making special reports. 5). Assisting in preparation of agendas and minutes for board meetings and president's cabinet.

2). Instructed the administration to support Jefferson Union School District in the boundary dispute before the Board of Supervisors with Cupertino Union School District because it proposes to withdraw territory from a newly-created unified school district and put it in an elementary school district not a part of a unified district.

3). Named Trustees Jack Armstrong and Donald Lindstrom, both of Santa Clara, to the committee to screen names for the proposed Santa Clara campus site.

4). Accepted bids for joint purchase with other school districts within the college district for paper supplies and classroom and general office supplies, totaling $7,074.95.

5). Amended the contract with George Novakovich to provide agricultural services for property purchased in Saratoga and not yet utilized for college purposes, to include the recently-obtained Bergues property.

6). Approved rental of houses on nine properties on the Saratoga site for three-month periods.

7). Authorized the administration to enter into negotiations with the Campbell Elementary School District, owners of the present temporary campus site, for the painting of the main buildings and necessary repairs to make the site suitable for use for the next three years.

AL RICE

Evangelist Rice is minister of the Rockland Christian Church in Portland, Oregon. He will speak at services on May 4, 5, 6, 8, 11, 12, 13 and 15 at 7:30 p.m.

Hospital will be dedicated

Dedication of The Good Samaritan Hospital of Santa Clara Valley, non-profit hospital serving the Campbell area, has been set for 3 p.m., May 15, it was announced by Joseph M. Dahl, local real estate man who is a member of the board of trustees.
